

PE-REGION PLATFORM DEMONSTRATOR SEMINAR

We hereby invite you to the 4th seminar relating to the work carried out within the PE-Region Platform project on a power electronics key technology demonstrator. The work is performed at an experimental and laboratory-based technology readiness level (TRL 3-5), implying possibilities for industrial network partners to apply results in development of their specific product portfolios (TRL 6-9).

Join us physically for lunch at SDU-CIE in Sønderborg or online* via Zoom for exploring and developing new options within power electronics.

PROGRAMME

- 11:30 Lunch and networking in the red meeting box M304-M307 at SDU-CIE for those attending the meeting with physical attendance.
- 12:30 Start-up and welcome
[Thomas Ebel, SDU, Centre for Industrial Electronics (CIE)]
- 12:35 Demonstrator element #1:
Power electronics components and solutions for innovative grid regulation and charging – ideas and company involvement.
[SDU]
- 13:00 Demonstrator element #2:
Innovative electrical drive systems – ideas and company involvement.
[CAU and SDU]
- 13:25 Demonstrator element #3:
Application of new materials in power electronics – ideas and company involvement.
[FH Kiel and SDU]
- 13:50 Miscellaneous and conclusion of the meeting

*If attending the online meeting, please keep your microphone muted when you are not talking.

TIME AND PLACE

Tuesday 7 December 2021
SDU Sønderborg
Alsion 2, Rooms M304-M307
DK-6400 Sønderborg
11:30-14:00 incl. lunch

or online 12:30 – 14:00
